LOT 6 - John Deere Model A Tractor

Description

Nice John Deere Tractor Model A. 3pt with PTO. Tires are dry rotted and will need a tune up to get it running but it is not locked up!

The **John Deere Model A** is a row crop tractor manufactured by [Deere & Company](https://www.deere.com/). The A was produced in a wide variety of versions for special-purpose cultivation. It received a styling upgrade in 1939 and electric starting in 1947. With the advent of John Deere's numerical model numbering system, the A became the John Deere 60, and later the 620 and 630, 3010, 3020, 4030, 4040, 4050, 4055, and ended with the 7610.
